## PORTFOLIO

[Portfolio link ↗](#)

## PROJECTS

### [ImagePDF Converter ↗](#)

Nov 2024 - Dec 2024

Designed and developed an Image-PDF Converter tool with features like image/PDF conversion, resizing, compression, watermarking, merging, splitting, password protection, and QR code generation. Built using HTML, CSS, JavaScript, and supporting libraries.

### [Youtube Thumbnail Downloader ↗](#)

Feb 2024

Created a fast and user-friendly YouTube Thumbnail Downloader that enables high-quality thumbnail extraction using video URLs, featuring an intuitive interface for quick access, seamless downloads, and enhanced user experience. Built using HTML, CSS, and JavaScript.

### [Ticket management ↗](#)

Mar 2024

Developed a user-friendly Ticket Management System enabling efficient issue tracking, assignment, and resolution with real-time updates, role-based access, automated alerts, and reporting to improve team productivity and user satisfaction. Built using HTML, CSS, and JavaScript.

### [WITCET | Educational Website ↗](#)

Apr 2024 - Present

Developed WITCET – an online education platform offering interactive study materials, practice tests, and India's largest content library, built with Node.js, Express, MongoDB, Bootstrap, and CSS.
